SELECTION CRITERIA

Junior Athletes Academy Selection Process

Entry to the Junior Athletes Academy is highly competitive. Places are limited and not all applicants will be selected.

1. Application

All students must submit a completed application. Applications are assessed on comparative merit against the following criteria:

- academic progress
- effort, behaviour and attendance
- participation and achievement across school sporting events, teams and representative opportunities
- personal attributes, including teamwork, commitment and readiness to actively participate in Academy activities and school sport

Only students whose applications demonstrate strong alignment with these criteria may be shortlisted.

2. Trial and/or Interview

Shortlisted students will be invited to attend a trial and/or interview.

The trial and/or interview assesses sporting ability and potential, effort, teamwork, coachability and readiness to meet the expectations of the Academy program.

3. Selection

Final offers are made to the students who demonstrate the strongest overall merit across the application, trial and/or interview process.

Submitting an application or attending a trial and/or interview does not guarantee selection.

Selection is dependent on comparative merit and the number of places available.

FEES

Fees

An acceptance fee of $250 is invoiced once a position has been offered and accepted. Payment confirms the student's place in the program and is non-refundable once paid.
A participation fee is payable for each subsequent year of enrolment in the Academy.
