Our initiatives include

To provide a whole-school approach to literacy and numeracy across Year 7-12 curriculum areas to promote a culture of “*Literacy and numeracy is everyone’s business*”.

- Create a culture of shared pedagogical practice through a collegial engagement model to enhance and develop capabilities of all teachers and embed literacy and numeracy in all curriculum areas using an explicit teaching approach.
- Provide explicit and targeted staff development in the areas of literacy and numeracy.
- Direct targeted resources to the key curriculum areas to promote wellbeing for all learners in Year 7-12.
- Provide targeted programs to enhance students’ literacy and numeracy outcomes to improve overall academic achievement.

Our school will improve student outcomes by

• Maintaining a student-centered approach to wellbeing that supports student inclusion and engagement through targeted programs led by key specialist staff.	\$1,186,633
• Providing professional development for teachers and support staff to further develop their professional capabilities to enhance the School Improvement agenda.	\$30,000
