Specialist Academy Program Conditions

ENROLMENT: Students are selected for Specialist Academy Programs based on comparative merit. Students must consistently meet academic standards and show continuous progress in previous years, as well as demonstrate a passion and willingness to be part of the Specialist Academy Program for which they are applying.

ELIGIBILITY: Each Specialist Academy Program has explicit criteria for entry, performance and other attributes. Please refer to the individual Academy correspondence on the school website for further information.

TRIALS/INTERVIEWS: Candidates may be invited to attend trials or interviews conducted by specialist staff (please note this may differ from previous year's selection practices and processes).

FEES: An annual fee for participation in a Specialist Program is invoiced once a position has been offered. The STEM Academy annual cost of \$200 provides the student with access to project materials and a locker. This payment is non-refundable.

CODE OF CONDUCT: Students are expected to conduct themselves and maintain high standards of behaviour and academic progress, exhibit scholarly behaviours', meet 95% attendance, and actively participate in all class, internal and external activities. From the start of the academic year, academic progress and students' behaviour are monitored. Where progress and/or behaviour are not maintained to the expected level, either because of students' effort or ability to keep up with the program, students can be withdrawn from the Specialist Academy at any time upon referral to the Principal.
